Washington, D. C.

B. E. P. Q. - 438
Supplement No. 1

May 20, 1937.

PLANT-QUARANTINE IMPORT RESTRICTIONS

OF GREECE

The last item of the summary on page 3 of Circular B. E. P. Q. - 438 is hereby amended to read as follows:

"POTATOES from countries in which the Colorado potato beetle (Leptinotarsa decemlineata Say) or potato wart (Synchytrium endobioticum (Schilb.) Perc.) DOES NOT OCCUR must be packed in new containers and each shipment must be accompanied by a phytosanitary certificate in prescribed form, indicating origin. (Decree of Mar. 29, 1933. See p. 10.)"
